# Fourth Annual Lamprey River Science Symposium

January 7, 2011

# Lamprey River Hydrologic Observatory (LRHO)

- Watershed is a platform to study the hydrology and biogeochemistry of a suburban basin
- Focal point for research, teaching and outreach
- Established in 1999 by McDowell, Davis and Dingman
- 2011 Research Team
  - McDowell (Natural Resources & the Environment)
  - Davis (Earth Sciences)
  - Jacobs (Civil Engineering)
  - Wollheim (Natural Resources & the Environment)

# NH WRRC (http://www.wrrc.unh.edu/) supports LRHO and Symposium

## Lamprey River Symposium

The goal of the Annual Lamprey River Symposium is to facilitate discussion and collaboration between scientists working in the Lamprey River basin and to engage state & local officials, watershed organizations, and concerned citizens into the science and its implications for the entire watershed and on to Great Bay.

#### 2011 LAMPREY RIVER SYMPOSIUM

The Fourth Annual Lamprey River Symposium will be held **FRIDAY JANUARY 7**, **2011** at the University of New Hampshire in the Memorial Union Building. To view the agenda click here.

### 2010 LAMPREY RIVER SYMPOSIUM

The Third Annual Lamprey River Symposium was held FRIDAY JANUARY 8, 2010 at the University of New Hampshire in the Memorial Union Building. To view the agenda and presentations click here.

Serving as a platform to study the hydrology and biogeochemistry of the suburban Lamprev basin
